We provide a wide range of metal/steel fabrication engineering & mechanical maintenance services across all industry sectors, our team is up for every job, managing projects with the skill and experience our clients have come

to expect, delivering services including but not limited to:

Design & Construction of Infrastructure & Structures.

Fabrication & Installation of:

- \* Structural Steel
- \* Platforms
- \* Walkways
- \* Stair towers
- \* Handrail
- \* Pipe

Bridges

\* Tanks and Vessels

Mechanical & Piping Fabrication & Installation.

Mechanical Maintenance and Shutdown works.

Sheet Metal & Insulation works.

We also possess an abundant knowledge & a wealth of experience in all aspects of commercial and industrial concreting including structural, civil works and excavations.

Successful in obtaining Design, Fabrication & Installation Of Gantries contract with CYP as well as civil maintenance contract maintained since 2010 with Australian Paper Maryvale (APM) for maintenance services.

CYP and the APM as well as local power stations, waterboard authorities, local council, ect. are secure in their

knowledge of our experience and abilities to utilise our fabrication and installation services for major project works for the provision of:

Steel structures

Platforms

Handrails

Various Frames

Pipework

Fire Lines

Installation of Structural Components

Installation of Steel Panels

Installation and maintenance of Equipment, instruments, machines, motors, cranes and much more.

JBI Engineering is a third party certified Quality, Safety & Environmental company, maintaining this certification to the highest standard.

## Industries Served

- > Construction & Engineering
- > Manufacturing
- > Oil, Gas & Energy
- > Rail
- > Steel

---

## Major Clients

- > CYP - Cross Yarra Partnership
- > AGL - Loy Yang B Power Station
- > Australian Paper Maryvale
- > CRRC / Downer / TEC (HCMT - FACTORY FITOUT)
- > Gippsland Water
- > Latrobe City Council

---

## Accreditations

- > Management System Certification:
  - > Environmental Management System standard AS/NZS ISO 14001:2004
  - > Quality Management System standard AS/NZS ISO 9001:2008
  - > Safety Management System standard AS/NZS 4801:2001

## Products & Services

- > Steel/Metal Fabrication
- > Mechanical Maintenance
- > Civil Structural & Mechanical Engineering
- > Civil Construction & Maintenance
- > Boiler-making, Welding, Pressure Welding

---

## Facilities and Equipment

- > Factory
- > Excavators
- > Bobcat
- > Heavy Vehicle Tip Trucks
- > Dozers
- > Forklift
- > Crane

## Previous Significant Projects

2018

**Contract - Design, Fabrication & Installation of Gantries**  
**\$3,000,000**

**Client: Cross Yarra Partnership - Melbourne Metro Tunnel & Stations**

In 2018 JBI Engineering were awarded an ongoing contract for the Design, Fabrication & Installation of Gantries. To date we have fabricated hundreds of tonnes of steel for provision of gantries, walkways, gates, hoarding posts, stair towers ect as part of this contract.

2018

**VARIOUS WORKS & ONGOING PROJECT WORK**  
**\$700,000**

**Client: GIPPSLAND WATER**

VARIOUS PROJECTS INCLUDING PIPING INSTALLATION, PLATFORM FABRICATION, CIVIL CONCRETING WORKS ECT.

2018

**FACTORY FIT OUT WORKS**  
**\$3,000,000**

**Client: TEC / CRRC**

Our international client, who is engaged by Downer to produce electrical components for HCMT project required a large factory within Latrobe Valley to enable production of the works they were engaged for.

The works included Design and Construct 2000m2 Factory and office. Factory Fitout as per the the clients requirements (this component \$1.5Million to be completed within a 15week time frame)

2017

**Project Work & Ongoing Project Works**  
**\$3,500,000**

**Client: APM**

Various projects

2017

**VARIOUS WORKS & ONGOING PROJECT WORK**  
**\$1,000,000**

**Client: AGL**

Various works i.e:  
Pipelines - Remove and Replace

Concreting

Mill Foundation Repairs

Civil Works
